

Meet Our Trainers

Amelia

Northlake

Amelia is a graduate of Kennelwood Training Academy in St. Louis and has moved from Colorado to join our team! She loves working with dogs because of how they change when they stretch their minds and learn. Amelia enjoys the bonds that come from training and learning about each pup's personality. In her free time, she enjoys fishing, biking, horseback riding, and swimming.

Casey

Pineville

Casey has been part of the Social Pet family since 2018. He has grown up in a dog training environment and loves what he does! He has a passion for continuing education and is currently working towards his diploma for CACE (Certified Applied Canine Ethology). Casey enjoys getting to know pet parents and believes this relationship is key in creating long term success. Some of his hobbies include collecting fountain pens and vinyl records.

Victor

Charlotte

Victor graduated from Kennelwood Training Academy in St. Louis and has moved from Colorado to join our program! He loves working with animals because of the joy it brings to their owners, as well as getting to know each dog's personality. His hobbies include fishing, traveling, watching baseball and training his own dogs.

Training Packages

Our proven training methods are the building blocks for a lasting bond between you and your dog. We teach good manners, obedience, and socialization, and we will work with you to maintain the desired behaviors at home.

Puppy Preschool

Our Puppy Preschool packages serve as a foundational learning program, individualized to each puppy with the goal of building confidence, and socialization skills.

Adult Manners

Our Adult Training packages help reinforce good manners, which are the building blocks for a lasting bond between you and your dog. We combine fun activities with training sessions designed to mimic everyday experiences for optimal learning.

Clever Canine

Our Clever Canine packages reinforce and maintain the skills taught during training. This unique program combines enrichment daycare activities and training exercises, using the same techniques taught during the Puppy Preschool & Adult Manners programs, helping to ensure long-term success for your dog.
